Since 1978

Vurgun Av 1979 yılında, İstanbul'da küçük bir atölyede kurulmuş olan kelepçe ve silah bakım ürünleri konusunda uzmanlaşmış bir aile şirkettir. Firmamız kurulduğu tarihten itibaren kaliteye verdiğimiz önem ve müşterilerimizle kurduğumuz güçlü bağlar nedeniyle, Türkiye ve dünyada alanında saygınlık kazanmış, aynı zamanda ülkemizin de en büyük kelepçe üreticisi konumuna yükselmiştir.

Katıldığımız ulusal ve uluslararası fuarlar nedeniyle geniş müşteri portfolyosuna sahip, ürünlerimizi başta Amerika Birleşik Devletleri, Almanya, İspanya, Bulgaristan, Irak ve Sudan olmak üzere, bir çok ülkeye ihraç etmekteyiz.

Teknoloji ve modernleştirmeye yaptığımız sürekli yatırımlar sebebiyle, yurtiçi piyasanın büyük bir bölümüne hakim olup, şu an için kelepçede 250.000, silah bakım setlerinde de 450.000 adet olan yıllık üretim kapasitemizi istikrarlı bir şekilde arttırmaktayız.

Vurgun Av was established in a small workshop in Istanbul, in 1979 as a family run business, which specialized in manufacturing handcuffs and gun maintenance sets. Our company has become one of the most reputable companies in the industry both in Turkey and internationally, because of our dedication to the quality of products and strong relationships with our customers and we are the biggest handcuff manufacturer in Turkey.

Due to the national and international fairs that we attend, we have built up an extensive customer portfolio and export our products to many countries such as the US, Germany, Spain, Bulgaria, Iraq, Sudan and more.

By continuously investing in technology and modernization, we have steadily increased our annual production capacity to 250,000 in handcuffs and 450,000 in gun maintenance sets and still growing.
